

**Dear LTD Plan Member,**

The Long Term Disability Plan (LTD) was established for Locomotive Engineers who are working as Locomotive Engineers on the first of the month. If you are NOT working as a Locomotive Engineer on the first of the month, membership in the plan is automatically discontinued. If on a subsequent month you are again working as a Locomotive Engineer coverage under the Plan is started again. However, pre-existing medical conditions within six months of recommencing the Plan are disallowed for a period of one year.

The Trustees of the Plan want to provide an opportunity for undisturbed LTD coverage. Accordingly, present members of the Plan will be able to continue paying premiums and retain membership in the Plan when they are working under the Trainmen's Collective Agreement. If you elect to continue coverage, whether you are working under the Engineer's Collective Agreement or not, please complete this form and mail it to:

Teamsters Canada Rail Conference (CPR)  
Long Term Disability Health and Welfare Trust  
101 – 10820 - 24th Street SE  
Calgary, AB T2Z 4C9  
Fax: (403) 640-4140

In Solidarity,

Board of Trustees  
Teamsters Canada Rail Conference (CPR)  
Long Term Disability Health and Welfare Trust

---

**Teamsters Canada Rail Conference (CPR)  
Long Term Disability Health and Welfare Trust**

This will confirm that I choose to continue membership in the Teamsters Canada Rail Conference (CPR) Long Term Disability Health and Welfare Trust Plan while working under the TCRC Trainmen's Collective Agreement. I understand that the premiums will be deducted from my pay, under the terms of the Plan, as if I am working as a Locomotive Engineer on the first of each month.
